Spotify Connect
Multiroom
Just hit "PLAY"

SW750M

Spotify in every room

Play Spotify through your home speakers, using the Spotify app as a remote. Enjoy the music together.

Using Spotify app as a remote for your speakers

- Browse & play music on selected speaker with the Spotify app
- Music streams directly on speakers, save mobile battery
- Music keeps playing through calls, videos and games

Multiroom speakers for you and your family

- Each user can play to any selected speaker at home
- Users can also play the same song on multiple speakers
- Philips companion apps simplify wireless speaker setup

Just hit 'PLAY' button

- Play a song from wherever you left off on your mobile
- Switch instantly from mobile or tablet to speaker
- Flip from room (speaker A) to room (speaker B)

Powerful room-filling sound

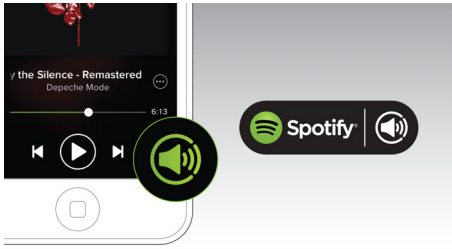

- Quad drivers to deliver 20W powerful room-filling sound

PHILIPS

Spotify multiroom speaker
Spotify Connect Multiroom, Just hit "PLAY"

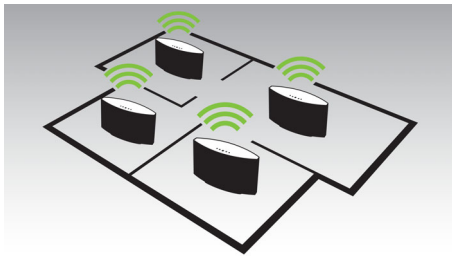

Highlights

Spotify as a remote

Browse & play music on selected speaker with the Spotify app

Multiroom

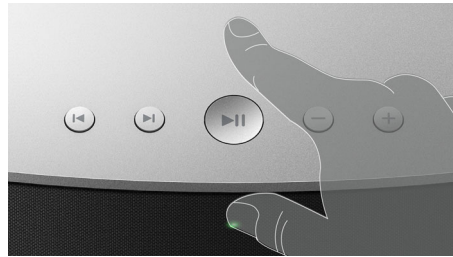

Networked speakers mean you can play a song in one room, or in multiple rooms at the same time so your music can follow you around the house.

Philips companion apps

Philips companion apps simplify wireless speaker setup

Just hit "PLAY"

Just hit play to start your music wherever you left off on your mobile or tablet. Listen to your favorite tunes almost without interruption when moving from outdoors to indoors, or from one room to another.

Quad drivers

The speaker feature four audiophile-grade drivers and two bass ports for expanded low frequency bass, creating a truly immersive and dynamic sound. Enjoy powerful sound in a compact size.

SW750M/12
